Area

apothecaries' system used until 1971

```
graph TD; A[fluid scruple] -- 20 --> B[minim]; A -- 3 --> C[fluid drachm]; C -- 8 --> D[fluid scruple];
```

The diagram illustrates the relationships between three units in the apothecaries' system: fluid scruple, fluid drachm, and minim. A central box labeled "fluid scruple" is connected to a box labeled "minim" on the left by a line with an upward-pointing arrow and the number "20". It is also connected to a box labeled "fluid drachm" on the right by a line with a downward-pointing arrow and the number "3". Finally, a line with an upward-pointing arrow and the number "8" connects the "fluid drachm" box back to the "fluid scruple" box.
